interesting. Looks like this meeting follows Ken's/Dennis' 3:15pm ET w/ the Administrator. Also: **Ex. 5 - Deliberative**

Lots of political level activity on this.  
Holly Bamford and Lois Schiffer of NOAA were briefed:  
Going to be interesting.

I think all is set for the meeting with Dennis, Will Stelle, and Whitman this evening. No program folks (Kim Kratz, etc.) will take part. We briefed Holly Bamford (Assistant Secretary for Conservation & Management) and Lois Schiffer (NOAA GC) yesterday. Bottom line:

**Ex. 5 - Deliberative**

**Ex. 5 - Deliberative**

NOAA and EPA need to stay in sync.

Holly has discussed with Will and they're on same page.

Four-way conversation between Dennis, Will, Holly, Ken is scheduled for tomorrow (Thursday) at 4:30pm ET. At least I will be participating as well, from the NOAA folks. We have others listed on the calendar invite (Allison, Office Director/Jeff Payne), but guessing we'll get push back eventually to trim participation.

Anything else?

Joelle

Dennis:

Thanks. Got it. I will discuss with Kim tomorrow prior to our call to ascertain what the specifics of the proposal is that we are making to Dick and Richard. Ideally, we have an hour to discuss because there are lots of details on the forestry issue and the structure of the proposal.

I fly to Sacramento tomorrow early for a negotiation and then fly to Seattle prior to our call. Let's ask Matt and Joan to see if a mid-afternoon call could work.

Participants: How to you want to structure this call, and do you want our senior program folks to participate? We will defer to you, but please let me know as I need to apprise Kim Katz and Kris Wall of our CZMA program of whether to plan to participate.

Busy. Sorry to be slow to respond, and thank you for pushing this.

Will:

We are set to talk with Richard Whitman and Dick Pedersen on Wednesday evening at 7:30 PM. I expect to get a list of the items needed to satisfy CZARA concerns from my staff late today and I will share it with you when I get it.

Ex. 5 - Deliberative	Ex. 5 - Deliberative	
Ex. 5 - Deliberative	I understand that Oregon's Forestry Board has a rule making started on that issue. I will be at Sea-Tac in a meeting with Ag Commissioners most of the day Wednesday but can break from that to talk if we need to prior to the call with Dick and Richard. I would suggest we try to talk 15 minutes before the call with Richard and Dick just to make sure we are coordinated.
